

BIORAN Scalp N

(INCI : Triticum Aestivum Seed Extract, Typha Orientalis Extract, Malt Extract, Panicum Miliaceum Seed Extract)

Introduction

BIORAN Scalp N is a complex extracts of four(4) seeds; wheat, malt, millet and turmeric. This product can help hair-growth and prevent hair-loss by supplying the scalp with the nutrients that seeds have only. This product has the effects of **increasing hair-paper**, which are the most basic-factor for the hair-root formation. And It also helps **hair-root strengthen** by controlling the development of hair growth-related factors.

01
